

## Mill Creek Cares – Geneva Illinois

It is a fact of life that relationships in many of today's communities have become less personal than they were years ago. Families are more transient, children have more activities that take them and their parents away from home, and there are more families with both parents working. The once-familiar sight of families visiting with each other on front porches while keeping a watchful eye on children and activities in the neighborhood is a rarity in most communities today. However, Mill Creek Community is a model community of the "neighborhood community" we were familiar with years ago and with pride we share that Mill Creek has had extensive email lists and communication methods to inform residents of community issues in the Mill Creek Community from partnering services!

In coordination with the Kane County Sheriff's Office, Kane County Board, Mill Creek SSA and a host of other services that impact Mill Creek – Mill Creek has become a template in Kane County of what a real home town Community of Caring should look like! As a result of our Program and the additional "detail" that is provided by our SSA we have helped to inform residents of the most important services that impact Mill Creek!

### **By participating in the Mill Creek Cares Program you will receive :**

- A Community Resource Directory of services that impact Mill Creek residents
- Minutes from TownHall Meetings
- Alerts and communications from services that impact Mill Creek residents.
- The benefit of being informed of community issues in a timely manner.
- Neighborhood Watch Signs posted in your "area" – provided by Kane County Sheriff's Dept
- Getting to know your neighbors and develop meaningful and long-lasting Relationships.
- Encouragement that our Police Departments, SSA, Townships, Water Dept and other important services are partnering with us on matters that are important to us as Mill Creek residents.
