

# RESOURCE CARD

for Homeowners in Kane County

Welcome to Kane County! Protecting water quality is important to our community, and every homeowner or renter plays a part in taking care of our local water resources.

You can find valuable information on these Kane County websites:

Water conservation and stormwater educational resources for residents:

[www.countyofkane.org](http://www.countyofkane.org)

Click on Stormwater Education

Learn how to recycle everything from A to Z on the *Kane County Recycles* page: [www.countyofkane.org/recycling](http://www.countyofkane.org/recycling)

For information on septic system maintenance or well water testing, please visit Kane County Environmental Health Services:

[www.kanehealth.com/water\\_waste.htm](http://www.kanehealth.com/water_waste.htm)

Kane County is an EPA WaterSense partner.

Visit [www.epa.gov/watersense](http://www.epa.gov/watersense) to learn more about home water conservation.

*Replacing one old toilet with a WaterSense labeled model could save more than 5400 gallons of water per year!*

## Pharmaceutical Disposal

Wastewater treatment plants are not designed to remove pharmaceuticals from water—medications flushed down the toilet or drain eventually end up in our environment.

Not in  
The Toilet

Not in  
The Trash

For disposal instructions and a list of drop-off sites, please visit:
