Good Afternoon...

On 8/16, I forwarded you a copy of our preliminary site plan for the proposed Big Timber Solar Farm, LLC.

Big Timber Solar Farm, LLC (BTSF) – a subsidiary of Surya Powered, LLC – will be requesting approval of a special use permit (SUP) from the Kane County Board with a submittal scheduled within the next 7-10 days.

BTSF is proposing a community solar facility on a parcel (APN/PIN: 02-22-400-014 / ± 47 Acres) located at the SEC of the intersection of Illinois Route 72 and Big Timber Road (County Route 21) in unincorporated Kane County.

BTSF is contacting nearby jurisdictions and providing our **preliminary site plan** for review (attached/subject to change), to obtain feedback in advance of our submittal, tentatively scheduled on/about September 23, 2024, or earlier.

Formal comments from your jurisdiction may be requested during the County's review process, and our staff will also be notifying residents within 250-feet, but in the interest of compiling factors potentially impacting the project design, BTSF is extending you an opportunity to express your comments and/or questions in advance.

BTSF appreciates comments/suggestions regarding potential improvements and we're eager to discuss the project. If you have any questions or desire additional information, please contact me at your earliest convenience.

Thank You

Subject: Initial Review & Comments | Big Timber Solar Farm

Gentlemen:

Big Timber Solar Farm, LLC (BTSF) – a subsidiary of Surya Powered, LLC – will be requesting approval of a special use permit (SUP) from the Kane County Board enabling construction of a **community solar facility** on a parcel (**APN/PIN: 02-22-400-014 / ± 47 Acres**) located at the SEC of the intersection of Illinois Route 72 and Big Timber Road (County Route 21) in unincorporated Kane County.

BTSF is contacting nearby jurisdictions and providing a **preliminary site plan** for review (attached), to obtain feedback in advance of our submittal, tentatively scheduled on/about October 1, 2024, or earlier. Formal comments from your jurisdiction may be requested during the County process, but in the interest of compiling factors potentially impacting the project design, BTSF is extending you an opportunity to express your comments and/or questions in advance.

BTSF appreciates comments/suggestions regarding potential improvements and we're eager to discuss the project. If you have any questions or desire additional information, please contact me at your earliest convenience.

Thank You
