To kaleb.baker@illinois.gov <kaleb.baker@illinois.gov>

Good Morning ...

Surya Powered, LLC is applying for special use permits to develop the following properties in Rutland Township, in Kane County (PINs and illustrative map below).

- 02-19-200-006
- 02-19-200-007
- 02-18-400-009

The County is requiring *"Documentation demonstrating avoidance of protected lands as identified by IDNR and the Illinois Nature Preserve Commission (INPC)"*

Our research on your website did not identify any protected lands or scenic/natural features affecting our properties. Can you confirm this?

Any questions, please let me know. An expedited response would be appreciated.

Thank You

Robert McNeill | Development Project Manager
