

33. Preliminary Stormwater Management Report – TNT Howard LLC – 5/16/25

1. Building Permit – A building permit will be obtained before construction of the facility, and for any alteration, repair, demolition, or change of use.
2. Kane County stormwater Management Permit – Ground disturbance of greater than 5,000 square feet of soil requires preparation of a SWPPP and permit application which will be completed prior to construction. Not more than 25,000 square feet or 3 acres of grading is expected on this project.
3. National Pollutant Discharge Elimination System (NPDES) Construction General Permit – U.S. Environmental Protection Agency – Ground disturbance of greater than 1 acre requires preparation of a Storm Water Pollution Prevention Plan, including erosion and sedimentation controls which will be followed on this project.
