John, thanks again for meeting today. As we discussed, we agree that the proposed location on Powers Rd is a good location for our new access road. The location is an existing access point for the parcel, and will provide good visibility for traffic coming either direction on Powers Rd.

Please confirm your approval of this proposed location.

Thanks and we'll be in touch!

Cheers,

Andy

**Subject:** Pallme Farm Solar - conceptual site plan

Hi John, thanks for talking today. As discussed, here is the conceptual site plan for our solar project on Powers Rd. The proposed access road path is in a green box. It follows an old access/driveway that was historically used and is still on the survey, but has since been overgrown.

Let's pencil in 9:30 am on Wednesday 11/12 to meet onsite. I'll let you know if that changes, or if not I'll let you know when I'm on my way.

Cheers,

Andy
