ENTITLEMENT PROCESS (Zoning Ordinance Section 25-16-5: APPENDIX A)

The review process for a Zoning Application involves multiple steps and coordination among various stakeholders, typically spanning 4-5 months. It begins with a Pre-Application Meeting with the Technical Staff team, if you have not yet been scheduled for one of these meetings, please contact one of our Zoning Planners.

The deadline for submitting a Zoning Application for review is forty-five (45) days prior to the desired Zoning Board of Appeals (ZBA) meeting date. Please note, applicants are encouraged to submit their applications 1-2 weeks prior to the official deadline for a completeness review by a Zoning Planner to ensure a seamless review process.

If required, the petition may proceed to the Regional Planning Commission (RPC) for review and recommendations to the Zoning Board of Appeals (ZBA). The ZBA then holds a public hearing, to make recommendations to the Kane County Development Committee. The final decision is made by the Kane County Board (KCB) after reviewing all prior recommendations, with meetings typically held on the second Tuesday of each month.

PROJECT INFORMATION

Project Title: WIRELESS TELCOMMUNICATIONS FACILITY - ATC SILLS

Proposed Land Use: PROPOSED WIRELESS TELECOMMUNICATIONS FACILITY

Project Description: (Briefly describe your project below or attach a separate Project Narrative with this Application if more space is required)

PROPOSED WIRELESS TELECOMMUNICATIONS FACILITY.

ADDITIONAL PROJECT INFORMATION

1. How does the proposed use relate to the existing uses of property within the general area of the property in question?

The proposed wireless telecommunications facility is compatible with the existing land uses in the surrounding area. The facility is designed to occupy a limited footprint and will operate as an unmanned installation, generating minimal traffic, noise, or other impacts on neighboring properties. The proposed use will complement existing development patterns while enhancing wireless coverage and network reliability within the area.

2. What are the zoning classifications of properties in the general area of the property in question?

The surrounding area contains zoning classifications of F-Farming. The proposed wireless telecommunications facility is intended to serve all properties within the service area regardless of zoning classification. The facility has been located and designed to be compatible with surrounding zoning districts and adjacent land uses.

3. How does the suitability of the property in question relate to the uses permitted under the existing zoning classification?

The subject property is well suited for the proposed wireless telecommunications facility due to its size, location, access, and ability to accommodate the required setbacks and site improvements while minimizing impacts on surrounding properties. The proposed facility will be developed in accordance with applicable zoning requirements and is consistent with the intent of the zoning district through the Special Use Permit process.

4. What is the trend of development, if any, in the general area of the property in question?

Development within the surrounding area has continued to create increasing demand for reliable wireless communications services. The proposed telecommunications facility will help meet current and future communications needs by improving coverage, capacity, and service reliability in the area.

5. How does the projected use of the property relate to the Kane County 2040 Land Use Plan?

The proposed wireless telecommunications facility is consistent with the goals and objectives of the Kane County 2040 Land Use Plan by supporting essential infrastructure, public safety communications, economic development, and technological advancement. The facility will enhance wireless service availability for residents, businesses, emergency responders, and visitors while utilizing a limited land area.

PUBLIC NOTICE REQUIREMENTS

LETTER TO ADJACENT PROPERTY OWNERS FROM THE APPLICANT

- The **Petitioner/Applicant** shall send a letter to all property owners within two hundred fifty feet (250') of the property lines of the parcel which is the subject of the zoning request;
- The purpose of this letter is to advise the surrounding neighbors that an application for a rezoning/special use/variation has been filed and to provide a brief description of the proposed project.
