Re: *Petition 4622: Nesler Road Solar Project*

Dear Members of the Board,

On behalf of applicant Nesler Road Solar LLC, I write to request that Petition 4622 in regard to the proposed Nesler Road Solar Project be heard during the Board's February 13th meeting instead of the January 9th meeting, as was decided when the petition was granted a continuance on December 12, 2023. The applicant is requesting this additional time to gather expert testimony.

Thank you for your consideration and please advise if any further information or action is required on behalf of the applicant to make this change.

Cordially,

Cecelia Stephens
